

PORT NOTICE TO MARINERS

No 02 of 2023

13.07.2023

As a precautionary measure, Oil Spill Boom has been deployed around the stern of a Casualty vessel berthed on County Wharf.

The anchors are rigged with tripping lines with floats.

Mariners are requested to give the boom system a wide berth, pass at slow speed and avoid manoeuvring inside of the tripping buoys.

This notice is self-cancelling on removal of the boom system.

Tim Sykes
