Percuil River Moorings Limited Newsletter April 2024

To all Mooring Licence Holders

We are pleased to advise that following the nomination of Jeremy Grogono and Jenna Robbins, who I am sure are known to many of you, to be Members of Percuil River Moorings Limited, both are deemed elected.

Jenna Robbins will be a licensee elected Member for a four year period.

Jeremy Grogono will replace Simon Holman as a licensee elected Member for the remainder of his term (2 years). Simon remains a Member of Percuil River Moorings Limited as proprietor of Polvarth Boatyard.

The Board would again like to take this opportunity to thank Claire Wood who has retired (in rotation) as a Member. The Company would like to thank her for her many years of service to the Company both as a Member and formerly as Managing Director.

We would like to remind all Licensees that their Licence Fee is due for payment before 16th May 2024. We regret that any fees not paid by this time will be subject to a 5% surcharge as set out in the Licence Conditions.

“4) i) v) The Licence fee shall be paid in full before the 16 May each year. Any outstanding fees after this date will incur a surcharge of 5%. Continued non-payment of licence fees may result in further financial penalties being imposed or the Licence being offered elsewhere.”

We thank all those who have already paid their Licence Fees.

With the boating season rapidly approaching, we request that all Licensees ensure that their moorings are serviced by an Approved Mooring Contractor - and the invoice settled - **before** placing a boat on the mooring.

Please be aware that many boat insurance policies require that moorings are **professionally** serviced. The mooring includes any fixed strop between the boat (or pick up buoy) and mooring buoy but that (particularly where a rope strop is used) this strop is often NOT covered by your Approved Mooring Contractor. PRML recommends that you check your insurance policy and the scope of your AMC's service regime to avoid the risk of this responsibility falling between the cracks.

If you are subletting your mooring this year, please can you complete and return a sublicence form (even if this is the same arrangement in 2023). You are reminded that there is a £30 administration fee that is waived **IF** the form is received **BEFORE** the boat is placed on the mooring.

If you see anything on the river that gives you cause for concern, please report it to the Company or to the St Mawes Harbour Master.

For all contact with the Company please use Email
contact@percuilriver.co.uk

We wish you an enjoyable season on the water in 2024.

Yours sincerely,

Jim Wood

Administrator
